This. Never be without a battlebuddy. Partially this is to watch your back but also it prevents violence.

Safety in numbers isn't just about force. It's also about being a hard target to prevent attacks. Predators go after stragglers not herds.

Get a map of the DC metro (Subway) Park by the end of anyone of the lines. I do know one metro stop is near FedEx Field in MD. Also a good idea to find your accommodations near there. If you are truly alone find a group of Frens and stay with them. Don't be alone, be safe, and prepared.

NOTE: there is a chance they close all this stuff down, so take that into consideration.

I'm young myself. I'll be alone and I'll be taking the metro as I live near DC. I'll try to get close to all the action.

Apparently there is a street that has free parking around the main area, saw it a couple days ago. I'd look for a parking garage that has security and look for a group of older pedes that you can hang out with. Airport long-term parking might be an option too, and then take public transportation over. Be safe. Proud of you.

If something goes down, let the adult pedes go first. They've been alive longer and will have more experience for if someone tries to start something. You have to rebuild a nation if all hell breaks loose, so don't get killed. Don't be stupid, don't discharge a firearm, don't accept drugs, don't break stuff, and don't litter/graffiti. This is still our nation's capitol and deserves reverence despite how full to the brim with shit it gets. Just yell and hold up signs. Stand your ground. Hold the line.

If something goes down, break up the fight if no weapons are visible, but never make a fist. A bitch slap and a fist are the difference between you getting detained and you going to jail.

Don't go anywhere alone.

Park your car 2 miles away, at least, and walk it. Put a Bernie bumper sticker on it if you are afraid of vandalism.

Don't get drunk. It is very easy to spike alcoholic drinks. Even dudes are worth something in the trafficking business.

Keep your phone charged and check to make sure you have your wallet and phone every 10 minutes. Don't be obvious when checking they are still there.

Other than that, have fun. It isn't every day you get to witness the world turn itself inside out.

Get a map of DC, find a group of people with Trump signs, and ask them for help. You'll likely see some on the side of the road. Park in a temp spot if you have to in order to talk to them.

Same here. All my homies bailed last minute so I'll be alone. Makes me worried as shit but this is very important to me so I'm still going. I might just find a parking garage somewhere, head out and hope for the best. Going to try to get out of there before nightfall because I know ANTIFA likes to go after the lone wolves and I don't have a group

You should DM them. When their usernames are linked in a comment, I don't think they're notified.

I don't know about the car part but the pedes are your brothers and sisters and will be more than happy to put you in their posse (they're sweet people, all you have to do for an initiation is to bring them John Roberts head on a spike). JK. Great move heading up there by yourself, fren! I'm sure you'll get down with some like minded and cool to hang with patriots. But yeah I guess after dark stay with a crew. Unless you're ready to do the do with an antifa or two (by "do" I mean slit their pig throats).
